Re: Item 2005/0524 – Better Neighborhoods Planning & Implementation Process

At the Planning Commission hearing on Thursday July 14, the above item was continued until July 28, 2005. The West of Twin Peaks Central Council, an umbrella organization of 17 neighborhood organizations, voted to request that this item be continued for 60 days.

Our organization and most of our member organizations recess during the Summer. Therefore, for the Planning Commission to hold public hearings on an issue that the neighborhoods have not had an opportunity to discuss and research is not consistent with the tradition of neighborhood participation in planning issues that affect our communities.

We, therefore, request that you continue public hearings on this item until some date in late September.

Thank you,

Dave Bisho, President
